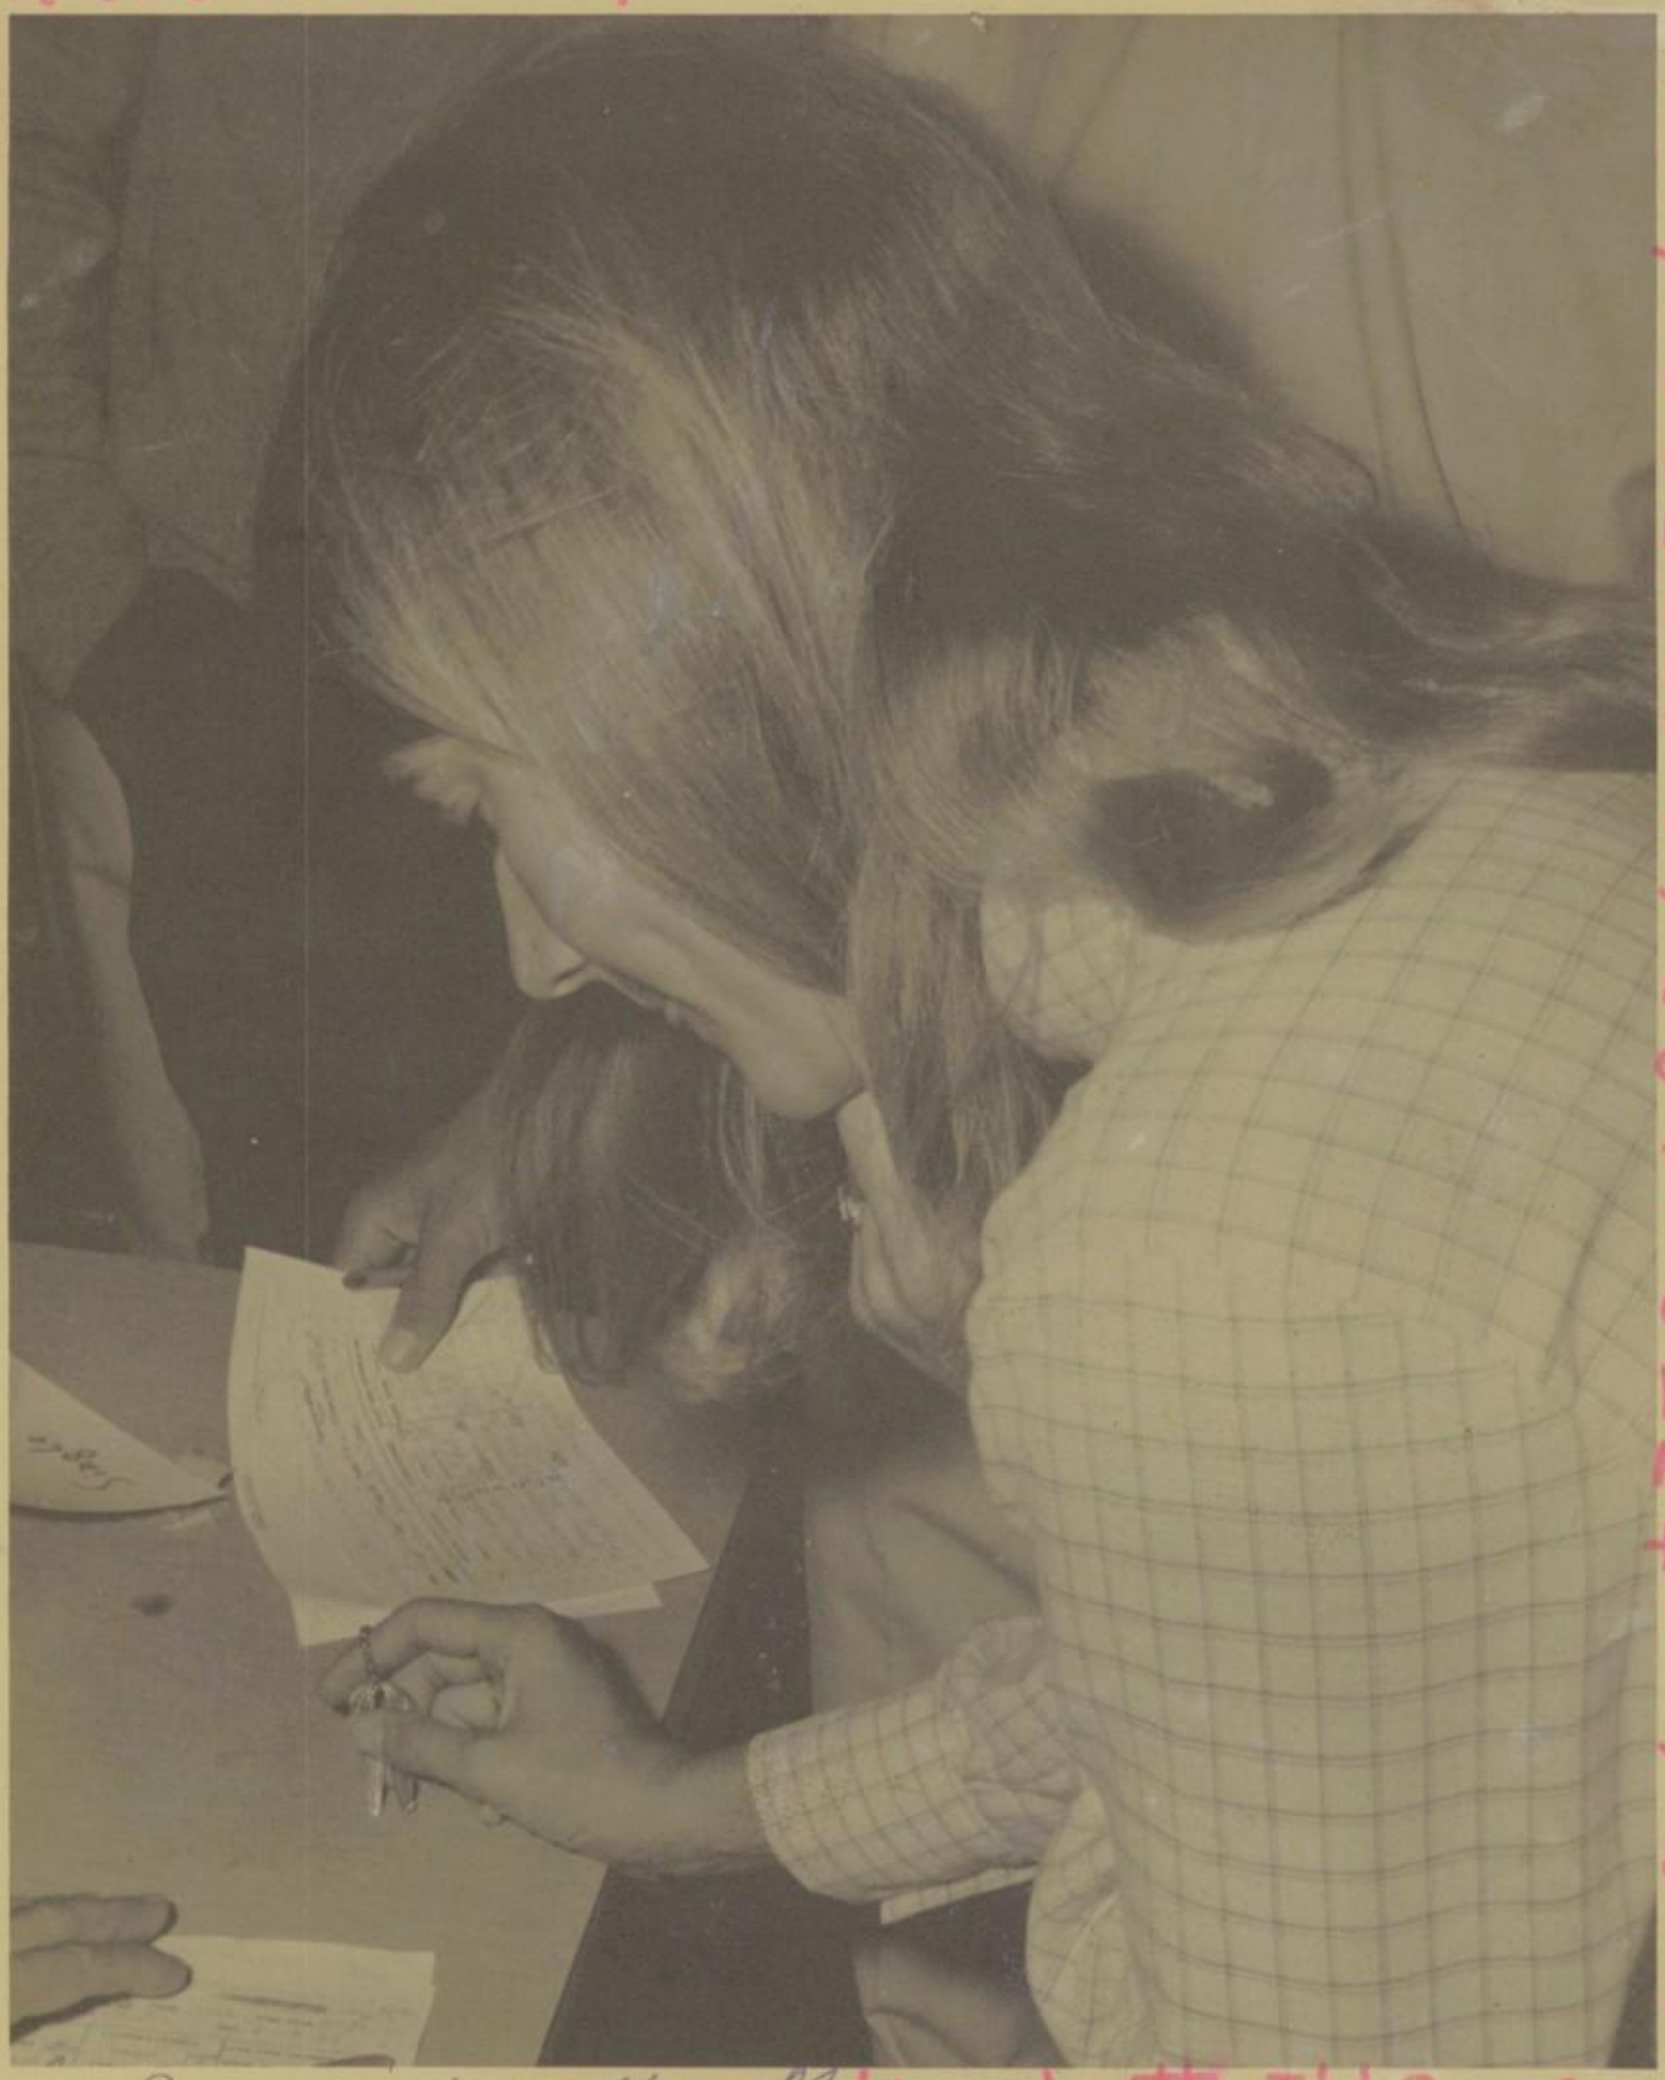
Winchester students can't think. All they can do is memorize what they're told to memorize and spew it out when they're asked to spew it out. A recent history class provides a good example.



The topic of discussion was: "Whom would Communism appeal to?" The teacher suggested that Communism might appeal to the poor in the ghetto as they would have the most to gain from the equality of the masses. The students aggreed, saying, "I think if I lived in a ghetto I'd support Communism because it says it will get me out of poverty." They said this because they had been told that if you don't keep an eye on him, that nigger's gonna go and stir up trouble. The student ignored the fact that most of the revolutions were started by the demands

Time present and time past
Are both perhaps present in time future,
And time future contained in time past.
If all time is eternally present

of wealthy youths. They ignored the fact that the one Indian state where the Reds have come to power is the most literate and wealthiest one. They forget those facts, or may-be they weren't told them. All the students knew was that communism is bad and niggers cause trouble. Thus they divined that slums are hot beds of Communist Subversion.

Black People have a bond - unequaled in this country - in the memory of shared insults in the same fashion as a rich white man will not be insulted the same as the richest black man. But the richest black man will be insulted for the same reasons as a black man with no income. ALL this talk about separatism - its just a word to fascinate white folks who enjoy denouncing it. We are separated right now, and we want control of our areas. White Parents can't use the word "nigger" because their Kids won't Let them. These Kids won't conform to society's old image. A Kid can be number one in his class, but his long hair and clothing make his Parents ashamed of him. When America can be as aware of injustices at home as she is of the ones around the world, when we can make democracy work, we won't have to force it down people's throats. If it really is such a good idea, and if they can see it working, they'll steal it."

Landlord, landlord,
My roof has sprung a leak
Don't you 'member I told you about it
Way last week?

Landlord, landlord,
These steps are broken down.
When you come up yourself
It's a wonder you don't fall down.

Ten bucks you say I owe you?
Ten bucks you say is due?
Well, that's ten buck more'n I'll pay you
Till you fix this house up new.

What? you gonna get eviction orders?
You gonna cut off my heart?
You gonna take my furniture and
Throw it in the street?

Um-huh! You

Talk-on-till

You ain't gonna
be able to say

"This is a school that deals with the humanities. Is it too much to ask for a school that deals with reality? The students have no voice. There is no student council, only a squad of monitors. This school does not prepare you for the world that exists outside Cod-man square.

So speak up if you feel that you're being trained, not educated. Don't be afraid. After all, it's your life, not theirs.

It was in my mothers bedroom where I was forced to yield. He lifted me gently and held my dress real high. He said do it my dearest darling or you will surely die. "How can any body Live in this world without seeing what's going On? We began as slaves and have never existed to the MAN as human beings with rights equal to his. During the rebellions here in Newark, Negroes who were looking Out the windows were shot because they were black. Negroes who believe they can slip into the White Man's society are badly mistaken. Old established Negroes have leadership. These leaders have the money, which whites are all too eager to give, to keep us down. And that represents Power. MARIE

No coal in the
furnace, no shoes
on my feet.
No cash in my
pocket no good
food to eat.
No reason for
living not going
to die. No more
of your giving,
no tears to cry
No room for you
Pity, no way to
get worse.
No time to see
Sorry, just give
me your purse

THIS PLACE CALLED HEAVEN

I've heard of a place called heaven
I don't know if I'm welcome there,
You see God painted black all over my face
And put a terrible kink in my hair,
my evening sun is sinking
I hope it goes down fast,
I've had such a hard time and miserable life
Without shoes, and a naked ass.
They keep talking about a man named Jesus
They say he did to set men free
They must be calling me by the wrong name
They've never heard of me.
Cause he's

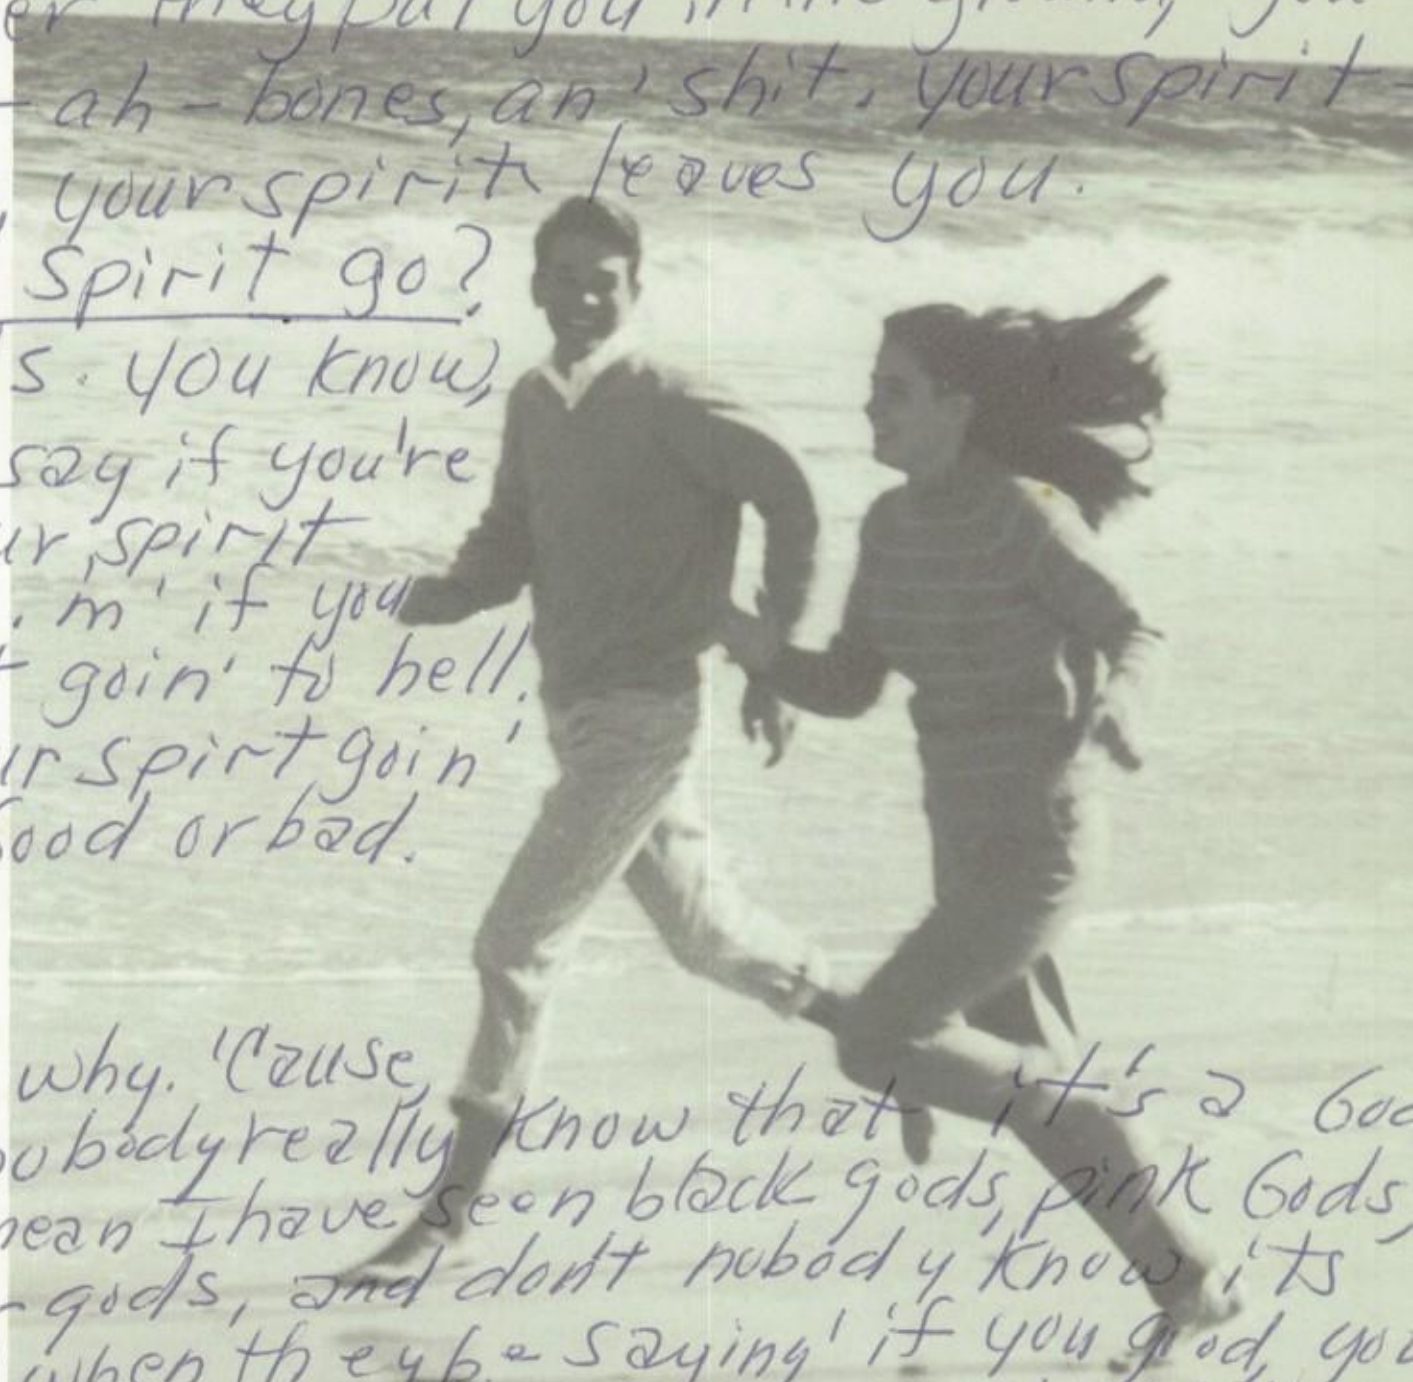
BLACK THEOLOGY

What happens to you after you die? Do you know?

Yeah, I know. After they put you in the ground, your body turns into — ah - bones, an' shit, your spirit — soon as you die, your spirit leaves you.

Where does the spirit go?

Well, it all depends. You know, like some people say if you're good an 'shit, your spirit goin' t'heaven... m' if you bad, your spirit goin' to hell. Well, bullshit! Your spirt goin' to hell anyway, good or bad.



Why?

Why? I'll tell you why. 'Cause you see, doesn' nobody really know that it's a God. Y'know, 'cause, I mean I have seen black gods, pink Gods, white Gods, all color gods, and don't nobody know it's really a God. An' when they're saying' if you good, you goin' t'heaven, tha's bullshit, 'cause you ain't goin' to heaven, 'cause it ain't no heaven for you to go to. Well, if there's no heaven, how could there be a hell?

I mean — ye-eah, well, let me tell you, it ain't no hell 'cause this is hell right here, y'know! Yeah this is hell right here!

What Color is God? Black or White?

Well, if it is a God... I wouldn't know what color, I couldn't say — couldn't nobody say, what color he is or really would be. But jus' sayin' just suppose there is a God, He'd be white, man.

Why?

Why? I'll tell you why... 'Cause the average whitey got everything, you dig? And the nigger ain't got shit, y'know? Y'unnerstand? So — um - for — in order for that to happen. You know it ain't no black God that's-

MOTHER TO SON

Advertisements

Well, Son, I'll tell you'.
Life for me ain't been no crystal stair
Its had tacks in it, And splinters, And boards torn up,
And places with no carpets on the floor — Bare.
But all the time I'se been a-climbin' on, And reachin
landin's And turnin' corners. And sometimes goin'
in the dark Where there ain't been no light.
So, boy, don't you turn back. Don't you set down on
the steps 'Cause you find it kinder hard. Don't
you fall now —
For I'se still goin', honey,
I'se still climbin',
And life for me ain't been no crystal stairs

Closing

I was walking with my dog. It was early evening. Quiet. Two Black Kids, 8 or 9 years old, rode by on bicycles, laughing, happy, young, free. I saw them surrounded by 10 white teenagers in leather coats, pointed shoes and Brylcreamed hair. Spitting on their faces, their clothing, screaming, "Get outta Corona, you fucking niggers!" They shook the handlebars; they kicked the spokes. I saw the two Kids ride away with ripped shirts and wet eyes. "We cannot tolorate lawlessness" Says the president and the police buy new weapons to control the BLACKS.

He's up tight

I guess thats

He's no drag

He's already
So Listen well and

In this world you have
to stand up as a Man.
Being Black is nothing
to be ashamed of
Sisters and Brothers we
got to have love
Some day we'll stand
hand in hand. and
as James Brown says I'm proud to

An ode to the Administration.

You knock my
talk
You knock my
hair
You yell about the
clothes I wear
Just thank God I
don't go bare
assed down
the corridor.

To drink with lunch
we asked for coke
You laughed - you
think its just a joke
the men's rooms going
up in smoke But
keep all the fucking
ashtrays in the
teacher's room

You tell me I'm a no good bum
You preach about the life to come
Well maybe that's all right for
Some— but if I survive this one —
I'll never do it again.

(THE END)

Neither you nor I would want to sleep
The door will open by itself
And on the beach we'll go and hide
In a little coral cabin.

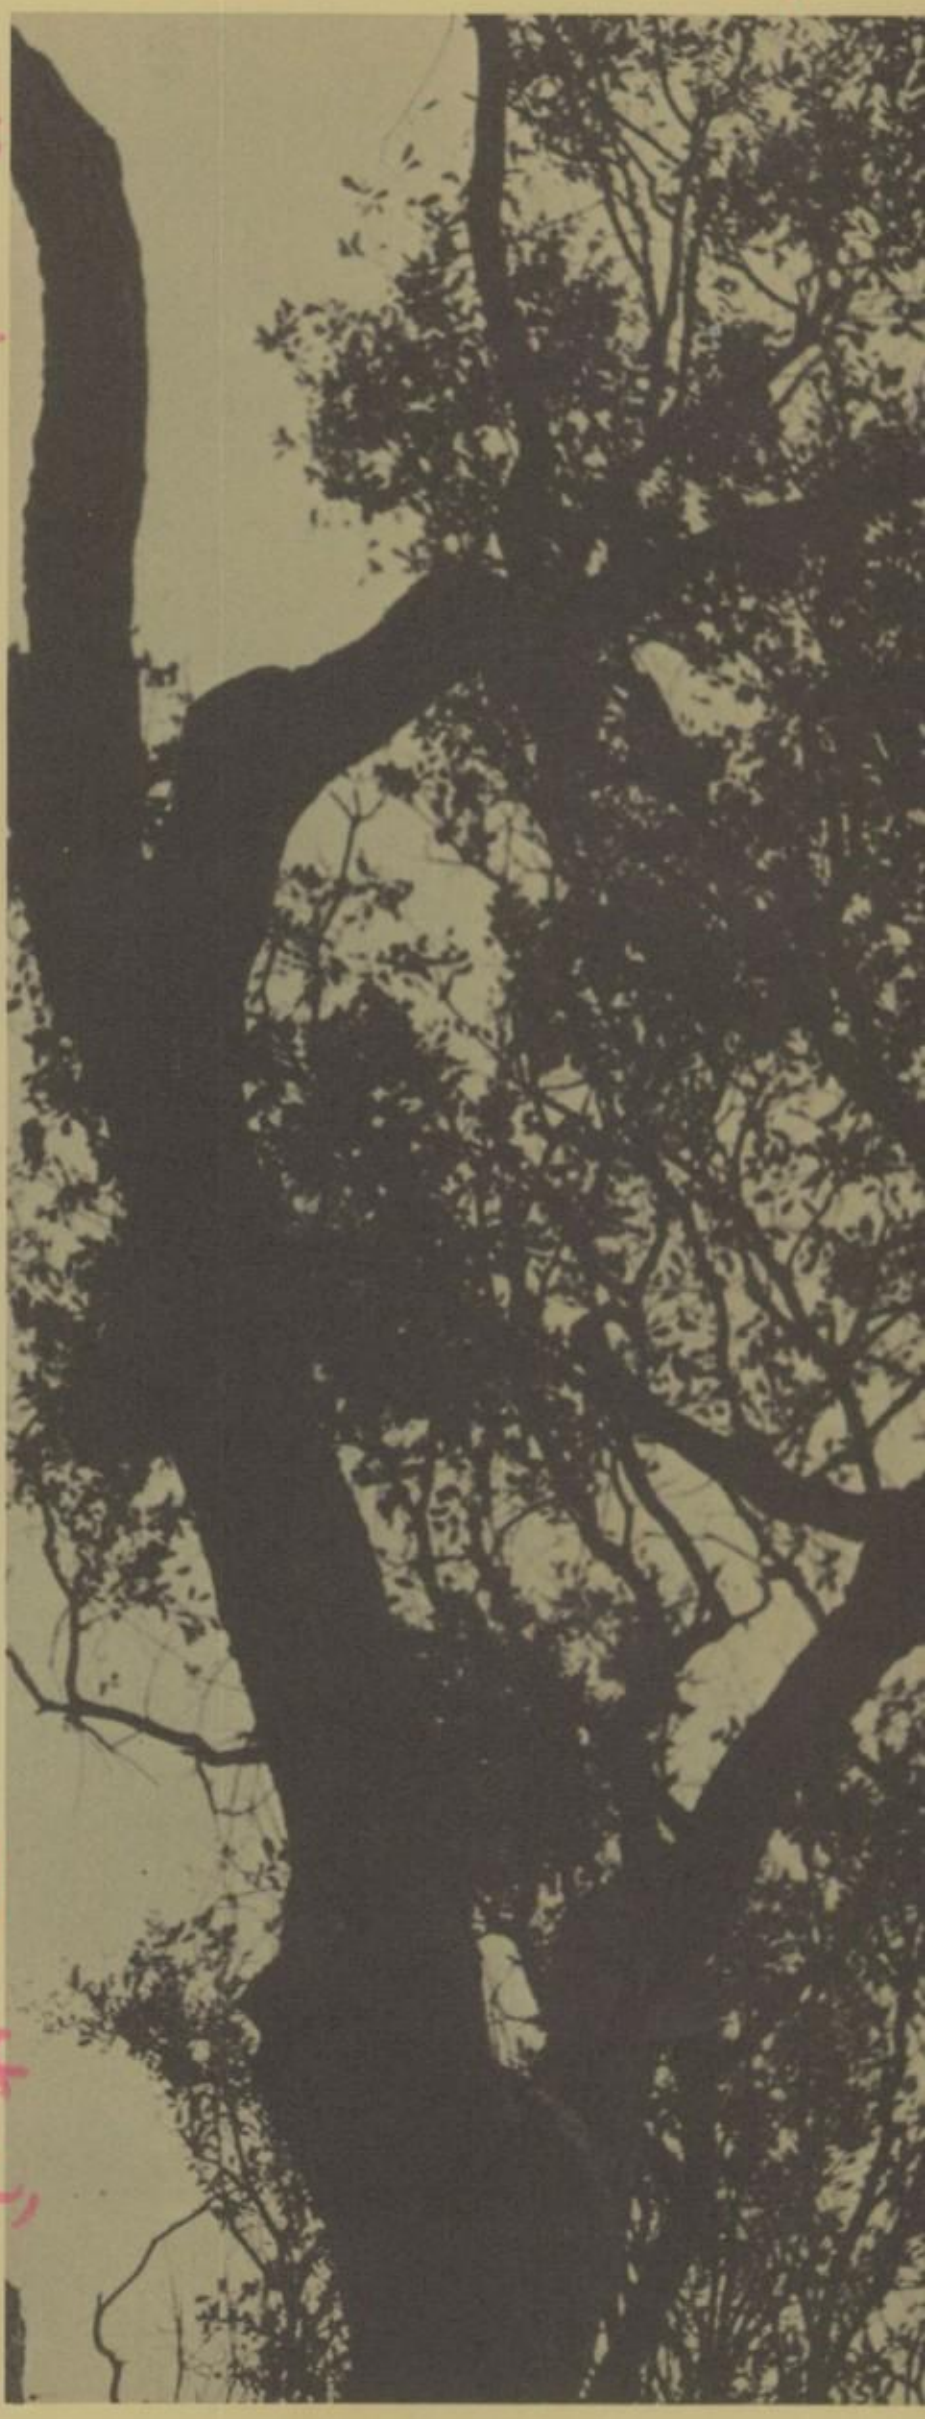
If someone were to make a decree "All Italians are being sent back to Italy." East Boston would be totally in an uproar. What makes people think that sending Negroes to Africa or even Roxbury is any less insane? If people of any race or religion can't



live together in America, there isn't any hope for any of us. Granted, there are some people of all races who should be thrown out of the human race altogether, but bad or good should be the division, not black or white.

Why I DO NOT SALUTE THE FLAG.

I don't see myself saluting a piece of cheap imitation silk cloth which "stands" for freedom and democracy. This is not a fair or a just country. So why should I salute a piece of cloth which has no real meaning to me except for its red, white, and blue colors? I am not to hip on "for which it stands" which I believe to be a bunch of cheap propaganda. It would suit me just as well to say "Heil Hitler" for he was a man of means even

Dear Joyce -

As you strive for bigger and better goals, never stop to think about the past because the future is still ahead of you. Their are many good things that you can get out of life. So - get out of life whatever it has to offer. May God Bless you.
